$80,000 DISTRIBUTED TO NICHOLAS GROWERS

Men Who Had Tobacco In 1909 Pool Paid Off By the Burley Society

(Special To The Herald.)

CARLISLE, Ky., Feb. 3.—Over $80,000 was distributed among the tobacco growers of Nicholas county today by the Burley Tobacco Society.

Judge Foster V Coy, a prominent young attorney of this city, has formally announced as a candidate for the Democratic nomination for Representative from the legislative district which is composed of Robertson and Nicholas counties. Green R. Kellar, a prominent newspaperman of this county, is Judge Coy's opponent.

It is rumored that the wets will file a petition calling for an election of the local option question on February 13. The local chapter of the W. C. T. U. has served notice on all of the petitioners that they will publish the names of all who sign the petition. This has caused many to have their names stricken from the petitions.

There is much talk of the business men of this city organizing a loose leaf tobacco warehouse. The men who are behind the movement say that they have already secured enough subscriptions for the stock, but there are a few other items which are causing delay in the organization of the company.

Carlisle is one of the largest tobacco shipping points in Kentucky and it is believed that the loose leaf warehouse will be a paying investment.

PUBLIC SALE

—OF—

BOURBON COUNTY FARM

Live Stock, Crop and Farming Implements.

Owing to ill health I have decided to quit farming, and will on

Wednesday, February 22, 1911

sell on the premises, without reserve or by-bid, my farm of about 302 acres of land, more or less, situated at the junction of the Clay & Kiser and Brentsville pikes, five and one-half miles west of Paris

The farm is well watered, well fenced and in a high state of cultivation; 150 acres in bluegrass, clover and timothy; 100 acres in wheat; 50 acres to go in corn; plenty of good hemp and tobacco land. The improvements consist of a large two-story frame residence of 8 rooms, 2 halls, front and back porches Each room has a double press. Fine cellar under the house; cistern; and well in yard; coal house, meat house, chicken house, turkey house, double carriage and buggy house, ice house full of good ice; cabin, two tenant houses; stock barn, 5 large tobacco barns that will hold 30 acres of tobacco; two-story brick granary and stock scales; all of which are in good repair.

The farm will first be offered in two tracts—tract No 1 containing 108 acres with two tenant houses. Tract No. 2, 194 acres, with residence and other improvements.

It will then be sold as a whole, and the best bid will be accepted.

At the same time and place I will sell the following personal property:

7 head of work horses. 1 fancy 4-year-old saddle bred gelding, will make great show horse. 1 2-year-old saddle bred filly; one extra fine bred 8-year-old saddle mare. 2 high-grade milk cows; 1 heifer calf; 2 sows; 19 shoats; 250 barrels of corn in crib; lot of loose clover hay; lot other useful things needed on a farm.

SALE TO BEGIN AT 10 O'CLOCK A. M. SHARP, RAIN OR SHINE.

TERMS—On farm, one half cash; balance in one and two years, with notes bearing 6 per cent interest from date, and lien retained to secure their payment. Terms on personal property will be made known on day of sale.

Lunch and burgoo by Rassenfoss.

TOBACCO SALE MONEY HELPS REAL ESTATE

Col. Speakes Says He Has Not Seen Such a Demand For Homes In Years

ADDITION IS PLANNED

Tract of 130 Acres Offered Soon to Those Looking For Residence Sites

(Special to The Herald.)

PARIS, Ky., Feb. 3.—An improved tone prevails in the real estate market as a result of an increased volume of money from the tobacco sales and with the near approach of springtime, prospective buyers for both city and rural property are numerous.

Colonel George D. Speakes, of the hustling real estate firm of Harris & Speakes, in an interview with The Herald correspondent, said that he has not witnessed in years, such a demand for homes and especially for homes of a few acres situated near the city limits. Colonel Speakes said that where there was one buyer for a farm of good proportions, there were a dozen heads of families looking for homes of from one to fifty acres.

Colonel Speakes said that in order to relieve such a situation and afford homes to families of small means he had had placed with his firm by Lexington people, who are its owners, 130 acres of land, practically adjoining the city limits on the west side of the Clintonville pike, to be surveyed and plotted into tracts of from one and one half acres up to a number agregating twenty-five acres It is proposed at an early date to offer this property at public sale, said Colonel Speakes, a more complete description of which would appear shortly in The Herald

MARRIED DECEMBER 7 BUT KEPT IT SECRET

Official of the L & A. At Richmond Weds Popular Morehead Girl

(Special To The Herald.)

RICHMOND, Ky., Feb. 3.—A pretty little romance came to light here when it became known yesterday that Nicholas Harber, a well and popular known young man of this city, and Miss Hattie Button of Morehead, Ky., had been married in Hamilton, O., December 7th, last, since which time the affair had been kept a secret. Young Harber left Wednesday evening and returned here last night with his bride from Morehead. They were met at the depot by some fifty or more friends, who accompanied the couple down town to the music of tin horns, drums and the like. The bridegroom is an official of the L. & A. Railroad here, and the bride is the daughter of Professor Button of the Morehead schools. The courtship dates back to more than one year ago, when the bride attended the Normal School here.

The Richmond Electric & Power Company, filed a deed of trust in the County Clerk's office here yesterday to the United States Trust Company of Louisville, providing for a new bond issue. Under the instrument, $30,000 of bonds are to be issued immediately to refund an out standing bond issue, and $20,000 of the bonds are placed in escrow for future extensions and improvements to the plant. The bonds are convertible into the 7 per cent preferred stock of the company. They bear 6 per cent and are due in 1929 The Representative Mr Herrington is president of the company.

The principal discussion on the streets here by the farmers when in town, since the past few days of sunshiny weather, is regarding the cutting out of the 1911 tobacco crop. Many growers say they are not going to raise a crop, while many others complain of being tied up by tenant contracts to such an extent that they will be unable to get out without permitting the crop to be grow. As a rule for the past three months, every time a grower has sold his crop and realized a small price, he leaves the warehouse declaring for the cut-out plan, but when he is approached for his signature to that effect he declines to sign.

WESTINGHOUSE MAN SHORT, IS A SUICIDE

NEW YORK, Feb. 2.—The body of Edward St. John, assistant treasurer of the Westinghouse Electric and Manufacturing Company of New York, Pittsburg and other cities, was found in the surf on Coney Island today. It was fully dressed and there is no other theory advanced than that he committed suicide by drowning himself some time during the last twenty-four hours, because of the shortage in his accounts believed to be due to speculation in Wall street with the company's funds. The amount is estimated to be not greater than $50,000

CRUMBAUGH IS SICK

Aged Councilman Is Victim of Third Attack of Paralysis

(Special To The Herald.)

GEORGETOWN, Ky., Feb 3.—R O Gaines, formerly editor of The Georgetown News, and more recently editor and publisher of The Scott County Herald, was adjudged insane and committed to the Eastern Kentucky Lunatic Asylum at Lexington Friday.

For the past year Mr. Gaines has been an invalid. Without the advantage of much education he had worked faithfully as a typesetter for The Georgetown News when it was organized and published by Thomas Johnson and Harry Montgomery about twenty years ago, and later he assumed full charge of the paper, carrying it on successfully until his health failed and he sold out to Frank M. Thomasson, its present publisher and editor, and others, a few years ago.

Upon partially regaining his health he started The Scott County Herald, which, however, failed after two years. He wrote and published a history of Scott county in two volumes about seven years ago.

LORIMER ELECTION DECLARED INVALID

(Continued from Page One)

in connection with the alleged bribery; the Yarboro brothers, who are supposed to have been present at some of the interviews between Browne and White; Governor Deneen and Speaker Shurtleff.

Verdict Not Justified.

Mr. Root said that he had not intended really to criticise the committee, but merely to point out the result of its conception of its duties—a view with which he did not agree.

Turning then to the testimony before the Senate, Mr. Root undertook to show that even though incomplete, it did not justify the committee's conclusions

Entering upon an analysis of the testimony supplied, he told of the difficulty and delay which had marked the election of a successor to Senator Hopkins in 1909.

Mr. Root told of a Democratic member of the Illinois legislature who admittedly had gone to Shurtleff's rooms, which were occupied by Mr Lorimer, to arrange about Federal patronage, and rapidly passed to the connection of Lee O'Neill Browne with the case.

This man was declared to be Mr Lorimer's chief agent, "a fact which rests on the testimony of Browne himself, and is not the subject of dispute, he said. The Senator then undertook to show that Browne had been instrumental in procuring the thirty Democratic votes cast for Lorimer.

Baby's Voice

Every woman's heart thrills at the cooing and prattling of a baby, and motherhood is her highest and purest joy. Yet the suffering incident to this great consummation of her life's desire, robs the anticipation of some of its sweetness. Most of this can be avoided by the use of Mother's Friend. This great remedy prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. Mother's Friend assists nature in gradually expanding all tissues, muscles and tendons, it strengthens the ligaments, keeps the breasts in good condition, and brings the woman to the crisis in healthful physical condition. The regular use of Mother's Friend lessens the pain when baby comes, and assures a quick and natural recovery for the mother. For sale at drug stores. Write for free book for expectant mothers.
