July Clearance Sale

Monday we begin the second week of this first summer clearance in our two stores with values which measure well up to the standard of the first week, and which in many cases are even greater.

This clearance sale is help to you and to us. It holds vast benefits for you because of the almost limitless opportunities for saving on summer apparel, accessories and needful for the home. It is a service to be in that it helps us to right our stocks in accord to our system of scientific merchandising. The sacrifices we are now willing to make for reduction of stock is your premium for buying now.

Every section brings forth a full quantity of amazing values and the shopper who "waits a bout" in our stores Monday will have ample opportunity of making their money do much extra duty.

Niceley
