LACK OF CONFIDENCE

CAUSES VIOLENT REACTION IN STOCKS—L. & N. LEASE RUMOR DISCREDITED.

[By Associated Press.]

NEW YORK, April 27.—Lack of confidence in the present level of prices was the only obvious cause for the wave of liquidation which swept over the stock market today, and carried prices comprehensively to a lower level. Yesterday's retension of the former dividend on Norfolk & Western seemed to shatter hopes of speculators regarding a large number of other stocks which had been heavily bought on similar expectations. The story of the Louisville & Nashville lease to the Atlantic Coast Line on a seven per cent dividend basis, which is the latest production of this character, obtained so little credit that those two stocks were among the principal sufferers by reason of the violent reaction from yesterday's jump. The tone at the close was semi-demoralized, and showed losses of from two to over six points from all the principal active stocks in the list. United States bonds were all unchanged.

CHICAGO GRAIN.

CHICAGO, April 27.—The price of wheat for May delivery fell 4½ cents a bushels today on renewed selling by discouraged holders. The lowest point of the day was touched at 86¾. The weakness was due largely to a sharp decline at Liverpool and to continued excellent weather in America. The market became quite firm late in the session on covering by shorts. At the close May wheat was off 3¼. July wheat is down ⅝, corn is up ¼@⅜, oats show a gain of ⅛c. Provisions are unchanged to 17½c lower.

Stock Market

[Furnished by Chrystal & Co , Rooms 22 & 28 Hernando Building.]

An irregular London market with the majority of stocks lower was the keynote to the day's business.

The skeptical thought that the banking element had rigged prices yesterday morning to sell large blocks of stocks and the professionals were bearish.

After a steady opening there was some degree of strength and the specialties were advanced sharply. Sugar again did yoeman service, advancing a dollar in a few minutes.

St. Paul, L. & N. and others were also well supported, but it was only momentarily and the room crowd again attacked Norfolk & Western and other soft coalers on the disappointment of dividend increase. Realizing was soon noticable all around the room and rumors of all kinds helped to depress prices.

A split in the Harriman camp, uneasiness over the foreign situation; denials of the L. & N. transfer and seven per cent guarantee, and the fact that certain banks were calling loans all were prominent as reasons for selling.

In the high priced stocks like L. & N. declines of $5 a share were recorded and the average list receded $2 a share. There was moderate distribution of United States Steel preferred, and it also yielded for two per cent.

The closing was far from steady and indications point to a further slump in the morning. Good judges only look upon it as a necessarily reaction and believe after the early hour good rallies will follow. However, there is several unfavorable features which may act as dampers to further advances at present.

The final distribution of Northern Securities may prove a menace to the upward movement; possibilities of drastic domestic dissension in Russia may effect its credit and the edge seems to be off the rampant buying of bonds and outside securities.

While it does not approach the congestion of 1902 which was followed by a declining market; yet conservative people think we are over-reaching the safety mark.

If the market should decline further we would prefer buying the steel stocks, especially the preferred, around par on an investment basis.

Grain Market

[Furnished by Chrystal & Co , Rooms 22 & 28 Hernando Building.]

Every day now seems a low day and today was no exception to the rule, as all options, both new and old crops, made new low records. May opened nearly two cents lower and continued downward until it struck 86¼, nearly five cents decline from previous closing. July opened half-cent lower and made its record at 82¼. Later covering by shorts and some moderate buying for the long account brought about a ¾ rally, but final prices were ⅝ below those of yesterday for the July and three cents for the May.

There should be a bottom somewheres and probably wheat should be bought for a turn on weak spots.

Corn—All options were weak early in sympathy with wheat, but later there was considerable inquiry for the May and a rally of a cent from the low price followed, where it closed.

As the option approaches expiration the trading becomes mixed, and any bulge that comes will be through short covering and cash houses purchasing.

Provisions were weak early, but responded to the better feeling in corn.

Following is the range of prices:

	Ope.	High.	Low.	Close.
Wheat—				
May	90	90	86¾	88
July	83	83¼	82½	83
Corn—				
May	45¼	46⅛	45	46
July	45⅝	46⅝	45⅝	46⅝
Oats—				
May	28½	28¾	28¾	28⅞

CONVINCING PROOF

THE AVERAGE LEXINGTON CITIZEN MUST ACCEPT THE FOLLOWING PROOF.

The great Sir Isaac Newton, one of the most profound reasoners the world ever produced, once cut a large hole in a board fence to allow a favorite cat access to two gardens, and cut a smaller hole to allow her kitten to follow her. The weakness manifested in Sir Isaac's action was due to want of thought. Any reader who mentally debates the proof offered here about Doan's Kidney Pills and arrives at any other conclusion than that stated in this citizen's statement, is as short of reasoning powers as the philosopher when he turned carpenter.

Mrs. A. H. Crawford, of 107 West Fourth street, says: "When a woman suffers so much from backache that it is utterly impossible to pick up anything from the floor; when she cannot rest at night with comfort; when sick headaches and dizzy spells haunt her during the day; when she had exhausted all her knowledge of medicines, followed the advice of her friends and acquaintances and has been treated by a physician unsuccessfully; when that woman is cured by using a remedy she is only too pleased to let others know the means employed. I used Doan's Kidney Pills, getting them at McAdams & Morford's drug store. The treatment is pleasant, acts direct upon the kidney and brings astonishing results."

For sale by all dealers, price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.
