Hello Winston

The attached spreadsheet shows the connection between William Hair and the Oliver family. According to my research, William (b~1811) was the son of Joseph Hair and Martha Oakley - in 1841 the family were living at Boothorpe (see 1841-0018). William married Ann Bancroft in 1842. They had at least 5 children; William (b~1844), Sarah (b~1847), Emma (b~1852), John Henry (b~1855) and Mary Jane (b~1859). I have attached copies of the census records that I've used; 1851-027, 1861-036, 1871-040 and 1881-042. As you've already mentioned, the spelling of 'Hair' differs from one census to the next, but at that time most people were uneducated and probably couldn't read or write, so it's not unusual to find that their name has been spelt incorrectly; I'm sure that they are the same family. Boothorpe was a very small settlement with just a handful of houses, so the fact that all of the census records state that Boothorpe was William Hair's place of birthplace is enough to satisfy my mind unfortunately I don't have any other proof!

I haven't really done any research in to William and Ann's offspring, although now you've brought the Hair family to my attention I might just do a bit of digging around! I did find out that Sarah Hair married a Robert Balls in Derby in 1872 - see 1881-043 - once again I think the place of birth confirms that this is the right person.

Please let me know if you have trouble with any of the attachments. I'd be happy to help you with any other questions; I live in Leicestershire, not far from the local records office.

All the best

Mike
